

MCS Civil (NSW) Pty Ltd

Murphy Contracting Services

IMS02.03 Environmental & Sustainability Policy

1. Introduction

MCS Civil NSW is committed to offer maximum protection to our environment in which we conduct our business and to ensure we protect our unique flora and fauna in compliance with all relevant state and national legislation.

2. Objective

MCS Civil is dedicated to preventing environmental harm to the ecosystems and communities in which we operate and continually improving our environmental performance. MCS Civil is committed to promoting our established principles and processes that influence our sustainable activities in the workplace.

3. Commitment

To achieve our Environmental and Sustainability objective, we will:

- 3.1.1. Complying with all relevant state environmental regulations, legislations, codes of practice and our Clients Contractual conditions always.
- 3.1.2. Identifying all environmental aspects and impacts relating to our operations and use a risk-based approach to implement appropriate mitigation measures.
- 3.1.3. Eliminating pollution of the environment in where we operate our business.
- 3.1.4. Developing and sustain a culture of environmental awareness within our workforce.
- 3.1.5. Set objectives and targets to measure our performance and identify opportunities for improvement.
- 3.1.6. Undertaking continual monitoring, measurement and improvement of environmental controls across our worksites.
- 3.1.7. Immediate reporting of all environmental incidents.

This Policy applies to all workers, subcontractors and visitors to MCS Civil sites, it is the responsibility of these parties to understand and apply the required environmental statutory obligations, policies, procedures and associated documentation as it applies to their scope of work.
