

MCS Civil (NSW) Pty Ltd

Murphy Contracting Services

# IMS02.10 Information Technology Policy

## 1. Introduction

Information Technology (IT) includes, but is not limited to, computer and telecommunication hardware and software such as networks/servers, internet, email, messaging systems, fax, mobile and fixed devices which are used across MCS Civil to improve work efficiency and assist in communication and electronic document handling.

## 2. Scope

This policy encompasses all MCS Civil NSW projects. This policy also applies to projects involving MCS Civil which are being carried-out under a joint venture arrangement, where no other policy of this type exists.

## 3. Objectives

This policy provides guidelines for the protection and use of information technology assets and resources within the business to ensure integrity, confidentiality and availability of data and assets. Additionally, this policy outlines the requirements for IT use at MCS Civil and is applicable to all Workers (including Contractors, Vendors and Joint Venture Partners with access to the MCS Civil IT system).

## 4. Employee Responsibilities

It is a requirement when using Information Technology that it will be for the purposes of conducting the Worker's duties and for communication directly relating to the provision of those duties.

### 4.1. The Worker and MCS Civil acknowledge that:

- 4.1.1. email communication and information accessed and/or downloaded from the internet must not contravene any legislation.
- 4.1.2. MCS Civil will not tolerate any emails or messages that might amount to harassment or bullying of any person.
- 4.1.3. MCS Civil can monitor the Worker's use of Information Technology and associated content.
- 4.1.4. a breach of this policy includes excessive personal use.
